RYLEE

Fire Helmet Clip

Instructions

The UK4AA Rylee Fire Helmet Clip is made from high quality stainless steel for maximum durability. It is designed to be

attached to the brim of a fire helmet or hard hat for hands-free lighting. The UK4AA light can be set-up for use above or below the brim.

Assemble the Helmet Clip as shown below. Snap the UK4AA light into the bracket. Push the clip onto the the rim of the helmet. Adjust the position of the light by moving the clip along the edge of the brim of the helmet. Lock the UK4AA light in place by tightening the UK Knob.

Limited Lifetime Warranty

This product carries a Limited Lifetime Warranty to the original retail purchaser to be free from defective material and workmanship under normal and intended use. In addition, the Underwater Kinetics Limited Warranty covers materials used in its products to the original purchaser, from the date of purchase for a period of three years.

In the event the original retail purchaser detects a defect in the material or workmanship, the product along with proof of purchase date should be returned to an authorized Underwater Kinetics dealer or directly to Underwater Kinetics with the postage prepaid. Underwater Kinetics agrees to repair or replace at Underwater Kinetics' sole discretion any product found to be defective in material or workmanship within the time period specified above. Address all correspondence and returns to: Underwater Kinetics, 13400 Danielson Street, Poway, CA 92064 U.S.A
